Help Beautify Your School

Nothing is more conducive to right living than beautiful surroundings. Every man woman and child naturally responds to cleanliness and artistic arrangements whether in the home or elsewhere. Next to the home no place has greater influence on the child's mind than the school. Let us help the boys and girls think clean thoughts and live clean lives by making our schools attractive. Let us show them at the very start this year that we are interested in that school of theirs. So bring your rake and broom and come along with your boys and girls and help make that old schoolhouse get an appearance of gladness.

Circuit Court

Circuit Court convened at Stanton Monday with Judge Shackelford on the bench and Commonwealth's Attorney Crutcher prosecuting. The court house was filled to overflowing to hear Judge Shackelford's strong charge to the grand jury, in which he vigorously assailed the 'shiners and 'leggers of which there is super abundance in Powell as well as in the other counties of the district.

A number of cases have been tried in the usual swift, yet careful manner of our present court.

Sugar Prices Lower

Sugar has reached the lowest level in many years, selling at less than 8 cents when sold in 100 pound bags. But where are the high-salaried chaps who are still holding prices up? Not longer than two days ago some joints were doing some unwise customers to the tune of 17 cents for cream and sodas in the city of Louisville. War prices at only one end of the barrel should be rewarded by putting some of the dastardly culprits in jail until their minds develop a little sense of fairness to the other fellow.

Silver Dollars Again

There will be coined again several million silver dollars. Coinage of dollars was suspended a few years ago in order to let England have the silver to put into one of its possessions where silver is the standard monetary value. It was then anything to win the war. Greenbacks will still be accepted for subscriptions to The Times.

For County Clerk

In this issue of the Times will be found the announcement of J. B. Rogers, of Xena for the Democratic nomination for Clerk of the Powell County Court. Mr. Rogers is a life long Democrat, a very capable man who would make a good clerical officer. He solicits the vote of Democrats in all parts of the county.

Francis Charles is carrying his right hand in a sling which is badly swollen from bad blood caused by a small injury while working on a chicken coop.

Baker Gets Him

R. C. Baker, one of Powell's Democratic candidates for Representative, figured quite prominently early Monday morning in the capture of six gallons of booze and the intended vender thereof. He was up early Monday morning and saw the legger with the goods. Later the legger abandoned his booze and disappeared whereupon Mr. Baker hides the coveted beverage and calls the aid of Deputy Sheriff F. C. Wills who took the liquor under arrest. Later Alvin Louis, of Cane Creek, was arrested, charged with unlawfully having had such liquor in his possession. Louis gave bond and was released.

Faulkner Sentenced

Ova Faulkner was taken yesterday from the Winchester jail to Stanton where he was presented to Judge Shackelford for sentence to the pen for the killing of Robt. Dun, an oil man, a few years ago. Faulkner goes up for life, and having acted as he has, by breaking jail and evading his sentence, it will be hard for him to gain favor for clemency. Sheriff Garrett and Deputy Wills took him back to Winchester after sentence was pronounced by Judge Shackelford.

Coming Down Still Further

Crude oil continues to drop in price, thus paralysing the wild cat projects and even depressing the pumping of good wells, already drilled and rigged up. Were it not necessary to pump some of the wells in order to hold them up, some of the oil companies say they would cease to pump altogether until prices for crude get better.

On Furlough From Mexico

S. E. Johnson returned Sunday from Vera Cruz, Mexico, where he has been the past twelve months in the famous oil fields there. Mr. Johnson has steadily grown in favor with his company, and has recently been promoted as field man and salary increased to \$500 per month.

Stanton Ladies Serve Lunch

The ladies of the Christian church supplied court day attendants with lunch, cake and ice cream Monday in the Court house yard. These refreshments and the agreeable way in which they were served, was most highly appreciated by those present who readily consumed all the supplies the ladies had for sale.

Harvests Wheat In Clark County

Dr. A. Easter has returned from Clark county where he has completed harvesting his crop of wheat grown on his farm in that county.

Quite a number from Clay City attended the ball game at Mt. Sterling Sunday between Mt. Sterling and Ashland, in which the Mt. Sterling boys, re-inforced by Clay City players, won the game.

The Picnic

There is to be a county picnic and Soldiers' parade at Stanton, July 4th, in which all the World war veterans are asked to take part, and to come dressed in uniform.

The picnic will be held in the Patrick woods near the College. Every one who had a son, brother, father, sweetheart or friend in the army is asked to come and help in this picnic and to bring a basket of dinner.

This is not to be Stanton's picnic, but the county's, and we want as many as can, come, and let us all have a good time together and make the day one to be remembered. Ice cream and lemonade will be sold, the proceeds going to buy a flag and banner for our soldiers.

All the candidates are urgently requested to be there with a well filled pocket book to buy ice cream and red lemonade for the voters of the fair sex.

"The Hazard Leader"

Hazard has one of the best equipped printing plants in the state, outside of the large cities, and there is being issued from this plant one of the best weekly newspapers in the state, "The Hazard Leader." It is highly appreciated on our exchange table and has our best wishes for success, even though the Leader is Republican in politics.

In the Race for County Clerk

J. W. Woolery has announced his intention to run for County Court Clerk through the medium of the Democratic primary election August 6th. Jim is well known to the people of Powell county having served one term as Assessor and one as County Court Clerk.

Boy Hurt

Serbert Charles, little son of Francis Charles was thrown from his pony while assisting W. L. Byrd with some cattle at the Mt. Sterling court market Monday. The child's head was pretty badly peeled up and had to have medical attention.

New Ice Delivery

Hugh Bush has entered the ice field and makes delivery three times weekly, Tuesdays, Thursdays and Saturdays. He handles ice from the Mt. Sterling factory and delivers early in the day. He is looking to supply your wants in ice at a living price.

Still we Are Dry.

The several light showers recently have not done much to relieve the drouth, though they have checked immediate damage to crops. The river has not yet been made muddy. Some sections are suffering more than others.

Auction of General Merchandise

Beginning this afternoon, Mrs. Williams will have auction sales of general merchandise each day. This is a rare opportunity to get seasonable goods of the right quality at your own price.

Personal Paragraphs

Dr. J. T. Nickell, our dentist, is here for the week and is a very busy man.

Miss Ruth Moore, of Winchester, spent the week-end here with home folks.

Tom Wells, the popular traveler from Richmond, was here Wednesday night.

Miss Orpha Burgher is visiting her mother, Mrs. Myrtle Burgher, at Ravenna.

Miss Maud S. Bowen, of Slade, was here Tuesday the guest of Miss Beatrice Blount.

E. E. Tyra, of Campton, was here Monday night with the family of Sherman Robbins.

Simp Crabtree, of Fixer, was here last week with his nephew, H. G. Crabtree and friends.

Thos. Edge, of Cresmont, was here over Sunday and attended court at Stanton Monday.

Austin Johnson, of Barboursville, visited his parents, Mr. and Mrs. A. P. Johnson, the first of the week.

Bernard, Louise and Ralph Burton Conlee have returned from an extended visit with relatives at Rosslyn.

Mr. and Mrs. Franklin Smith motored Wednesday from Mt. Sterling to Paris, to Lexington and then home.

Mrs. J. T. Potts and little grand-daughter, of Dayton, Ohio, arrived here Saturday night for a visit to relatives.

Mr. and Mrs. Morgan McKinney, Geo. Bush and son, Clyde, were here and at Stanton Monday on business.

Tom Mountz left Monday for a three weeks' tour of the Mountain counties as salesman for the Gulf Refining Company.

Mr. and Mrs. Chas. Douglas and Mr. and Mrs. Roydon Faulkner, of Levee, spent Sunday with Mr. and Mrs. F. G. Conlee.

Mr. and Mrs. Wm. Johnson and Miss Lilhe Burgher motored to Ravenna and spent the week-end with Mr. and Mrs. G. Hackworth and folks. Miss Ruth Burgher, who has been there with her mother the past month, returned with them.

J. F. Leach and Miss Dean Leach, of Kilt's Hill, Ohio, returned to their home Saturday, after spending several days with their mother, Mrs. Martha E. Leach, at the home of Geo. B. Leach. Mrs. Leach is suffering from a severe stroke of paralysis sustained four weeks ago.

W. U. Drake, of Middletown, Ohio, was here yesterday enroute to Wolfe county to visit home folks. Mr. Drake is a brother-in-law to James Profit at Stanton, and was going to spend a day with him before continuing his journey to Wolfe. Mr. Drake drove through in an Oakland car.

Mrs. Ann French was taken violently sick yesterday afternoon and two physicians were called to attend her.

Those Horrid Freight Rates

The freight on a barrel of coal oil from Louisville to Clay City is but \$1.07 less than what this barrel of oil costs in Louisville. This is extortion and calls for immediate action of authorities whether it gets it or not. Of course a portion of the cost of the oil at Louisville represented the transportation of the crude oil which when added to the freight on the refined product, brings the total freight up to more than the amount actually realized for the coal oil.

The same conditions exists in other lines of commerce. We have known the original cost of articles to be \$8.00 and the freight \$10.00 to Clay City. The lock and dams on our water-ways may yet come in for a saving on transportation of the country's products.

Examination of Teachers

Friday and Saturday of last week were examination days for teachers' certificates, and nineteen applicants took the examination. Only two in the county passed the May examination. The papers are now sent to Frankfort to be graded. The questions are not a real test of applicants' school book knowledge since so much of it is current topics matter. The best teachers are quite likely to fail to pass. The Legislature seems determined to legislate us out of teachers, and the state examiners seem equally determined to grade the rest of them out.

Tires You Cannot Puncture

We are now handling the famous Lee Puncture Proof tires. We are doing this after a personal acquaintance of their real value and as certainly Puncture Proof.

Mr. S. J. Martin, of Stanton, is now using a set of these tires on his machine that were put on in 1918 and have since been in use on this machine. Three of these tires are good for many more miles, while only one has been off the rim in the almost three years of service.

The Company advertises \$3 for every puncture in a 3 inch casing and \$1 for a puncture in a 3 1/2 inch casing or larger.

Think of it. Starting now on a trip with a dread of punctures from the time you start until you return; of having to make tire changes on these hot and dusty days on the pike and the expense of tire patching and material to keep you going, and the trouble and delay too.

Then think again of starting out on a trip with a set of Lee Puncture Proof tires, knowing assuredly that you will have no tire trouble for at least twelve months or two years. Your trip is a pleasure instead of a dread, and then it pays.

When you need a new casing come 'round and let us fit you up with one of the Lee Puncture Proofs.

THE "OLD RELIABLE" THEDFORD'S BLACK-DRAUGHT

White Haired Alabama Lady Says She Has Seen Medicines Come and Go But The "Old Reliable" Thedford's Black-Draught Came and Stayed.

Dutton, Ala.—In recommending Thedford's Black-Draught to her friends and neighbors here, Mrs. T. F. Parks, a well-known Jackson County lady, said: "I am getting up in years; my head is pretty white. I have seen medicines and remedies come and go but the old reliable came and stayed. I am talking of Black-Draught, a liver medicine we have used for years—one that can be depended upon and one that will do the work."

"Black-Draught will relieve indigestion and constipation if taken right, and I know for I tried it. It is the best thing I have ever found for the full, uncomfortable

feeling after meals. Sour stomach and sick headache can be relieved by taking Black-Draught. It aids digestion, also assists the liver in throwing off impurities. I am glad to recommend Black-Draught, and do, to my friends and neighbors."

Thedford's Black-Draught is a standard household remedy with a record of over seventy years of successful use. Every one occasionally needs something to help cleanse the system of impurities. Try Black-Draught. Insist upon Thedford's, the genuine. At all druggists.

The Value of Hasslers

Of every purchaser of Hassler shock absorbers we have asked the question, "How do you like your Hassler's." In every instance but one when measuring their value in dollars, the users have said "I would not take \$100 for them if I could not get another set." One customer said he would not take \$500 for his Hasslers and do without them.

By completely absorbing the shock on our rough roads as they were made to do, they not only save your springs, save your tires, save the body of your machine, but they save yourself from the annoying shocks which often nearly jolt you from your seat.

Come in today and let us put Hasslers on your Ford, so you can keep your repair change in your pocket.

Notice to Dairymen

This is to notify owners of good milk cows that our Jersey Sire, Hazel Green's Valentine No. 164,313, aged 3 years, is now at our barn. This bull's grand-dams were half-sisters and daughters of Dollie's Valentine, which held the world's record 1898—1904 with a record of 10,218 gallons milk and 676 pounds butter fat.

In his ancestry are found several sires of tested daughters. Among them Bluster No. 22, 789, sire of 11 tested cows, and Emments Roleight, sire of 22 tested cows.

Our license fee is \$5.00 for season cash in hand, but in case the offspring is a male not eligible to registry, the cow may be returned free for the following season.

KENTUCKY.

Why the Crime Wave

The newspapers tell us that a crime wave has been and still is, sweeping over the country. And a lot of old wisecracks nod their heads and say, "Yes, it's a result of the war. It is so after every war." Probably it is a result of the war, but isn't it a preventable result? History shows that after every serious social upheaval such as the recent world war, invariably comes as great emotional disturbance among large masses of people. In any single individual after an intense strain there is likely to occur an emotional reaction. But the seriousness of the present situation lies in the fact many people cannot control this emotional reaction. As long as they are surrounded by peace and calm they may proceed without offense against their fellow man, but having a tendency toward crime, they are particularly certain to be toppled over during days of excitement and stress. As long as it is known that such unfortunates exist, the best way to prevent these crime waves is to ferret them out just as we ferret out the physically unfit in army examinations. A very eminent psychologist and criminologist in speaking of the condition says, "— we have not been as scientific in the manufacture of our citizens as we have been, for example, in the manufacture of our steel; we have not been as zealous in the organization of our general social machine as we have been in that of our political machine; we have been less intelligent in the management of life and affairs of happiness and pleasure than we have been in the conduct of our corporations. 'If we had built citizens as enthusiastically as we have built railroads, if we had studied the perfection of man management as carefully as we have studied agriculture or stock breeding or sky scraper constructions, we need never have had this or any other crime wave, we need not be afraid to go about our streets at night, we need not worry as to whether our police forces are crooked or straight, we need not be spending millions annually upon prisons. "— being shamefully unequipped for doing anything worth while even if we knew it, we are compelled to attack the problem at some less mysterious place. That place is obvious. It is the classification and treatment of individuals before instead of after, the event of the crime."

Troubled For Ten Years

J. T. Osburn, R. F. D. No. 1, Lucasville, O.: "I had kidney trouble for ten years. I tried all kinds of remedies but they did me no good. I took Foley Kidney Pills and they helped me so much that now I am well." Get Foley Kidney Pills today. Get rid of rheumatic pains, backache, soreness, stiffness.—Sherman Robbins & Sons local agents.

Bald Rock.

H. S. Martin, candidate for County Clerk, was in Stanton and Rosslyn last Saturday.

Prayer service at Chop Chestnut every Sunday morning. Every body come out and help carry on the good work.

Among the candidates who went to the bridge last Saturday were C. B. Hatton, of Bowen, and H. S. Martin, of Genet.

The pleasure trip last Saturday to Natural Bridge was enjoyed by all who were there. A large crowd from Rosslyn, Stanton, Bald Rock, Nada and Bowen was present.

Most everyone from here went to Circuit Court at Stanton Monday, except the writer, who intended to go but was called to Gray's Branch on the account of the death of his grand-mother, Mrs. Sallie Martin.

Everybody go to Stanton on July the 4th, 1921, and attend the big parade of the former service men American Legion A. N. Spencer Post No. 127. Watch them snap into it with squads right and left and call their minds back to rifle practice.

On June 18th, 1921, whereas the Grand Ruler of the Universe called from labor on earth to that City not made with hands eternally in Heaven, Mrs. Sallie Ann Martin, aged 88 years. She had been in ill health for several weeks. Her condition became more alarming about four weeks ago and her death was expected at any moment. She was beloved by all who knew her. She was quietly laid to rest by the side of her husband on June the 20th, 1921, in the Chop Chestnut cemetery.

Consider Also the Crossings

While people are considering good roads, there should be some consideration of the roads at railroad grade crossings. In as many cases as possible, such crossings should be avoided for the number of deaths and severe accidents caused by treacherous crossings is appalling. Where they cannot be avoided, they should be made safe for the automobile driver who uses ordinary care.

Back Hurt?

When the kidneys do not properly do their work or purify the blood stream, waste products and poisonous acids remain in the system and cause backache, rheumatic pains, lumbago, sore muscles, swollen joints, stiffness, lame back and similar symptoms.

Foley Kidney Pills

regulate and restore the healthy, normal action of kidneys and bladder, bringing clean blood and better health, with freedom from aches and pains.

J. George Hudgins, Bennington, Vt., writes: "Last fall I was attacked with lumbago and suffered untold agony. I had a severe pain across my back and at times could not dress or undress myself. I was advised to take Foley Kidney Pills for my trouble. After taking them for a few days the pain in my back left me and I have not had any lumbago since that time, although that was months ago. I recommend Foley Kidney Pills to all who have lumbago."

Sunday School Rally

There will be a Sunday School Rally at North Bend Christian church the first Sunday in July. Dinner on the ground. The public generally is most cordially invited to attend the services. The program for this meeting will appear in the next issue of The Times.

It Costs Money To Travel

With high railroad fares and higher hotel bills fewer people this year will go to health resorts to get rid of impurities in the system that cause rheumatic pains, backache, swollen, sore and painful joints and muscles. If you need relief and do not want to leave home, try Foley Kidney Pills.—Sherman Robbins & Sons, local agents.

Machinis From Other States

Hardly a day passes that there are not machines here from other states, many of them coming from Ohio, Indiana, Missouri and Tennessee. Our good road out lets many good people in to see us.

Furniture and Hardware stock for sale. Will sell in bulk or invoice. Mrs. F. W. Williams, Clay City, Ky.

The Longest Day

Monday the 21 is scheduled as the longest day in the year. Is was also a very hot and dry one.

A change in scenery and printers' ink will not promote a successful sale. It's the price that draws the crowd and when a Bargain Festival is staged the Clay City people are right there with the old fat pocket book. Men's Shirts selling at Williams at just 50c on the dollar.
